

# H<sub>2</sub>O THE POWER OF WATER

Superior Quality Water  
For the Whole House

## TOTAL SOLUTION

### 1 CHLORINE & ODOR FREE

Protects your family from exposure to unpleasant chlorine, chloramines, chemicals and odors at every outlet.

### 2 SOFTER SKIN & HAIR

Enjoy soft, chemical-free filtered water for healthier skin, hair and lungs after every bath & shower.

### 3 BOTTLE QUALITY DRINKING WATER

Get unlimited healthy & delicious drinking water at home - excellent for cooking, making soups, coffee & tea brewing, crystal-clear ice cubes and much more.

### 6 SCALE-FREE PIPES & FIXTURES

Protects your pipes & plumbing fixtures from clogs, corrosion and other costly water damage repairs by reducing scale buildup throughout your home.

### 4 PROTECT HOME APPLIANCES

Minimizes scale buildup to improve the durability, efficiency & lifespan of your water appliances - save money on lower energy costs.

### 5 LOW MAINTENANCE

Fully automated system combines simple one-time installation with virtually no maintenance to save you time and money and provide peace of mind.

# H<sub>2</sub>O THE POWER OF WATER

Cities are in desperate need of replacement from old age and wear. Water contamination can occur at almost any point in the delivery channel including lead leaching from corroded pipe solder, bacteria entering the system from water main breaks, or gardening chemicals back-siphoned from a careless neighbor.

Unfortunately most local and state governments do not have the financial resources to address these very expensive problems now or in the foreseeable future. To make matters worse, most cities also add chemicals like chlorine and fluoride to their water. The truth is, tap water quality on the Balears will most likely continue to decline in the coming years. The best way to protect your family from the increasingly wide range of contaminants found in today's tap water is by installing a reverse osmosis drinking water system.

**We are able to provide you the custom made solution, nothing less nothing more. Need a system to remove iron, bacterias and viruses or high amounts of calcium..., we do have the exact system of your needs.**

Our supplier is the original manufacturer, not just a 3rd party company. They have been making RO systems for over 17 years, and have developed a strong (and caring) technical support team, similar to Ecosys, that is dedicated in serving consumers just like you.

We have all the replacement parts and technology to support you for as long as you own our system.

# H<sub>2</sub>O THE POWER OF WATER

We have the exact system you need from a small simple RO system a complete system for your complete house with multiple bathrooms and large pool or a full professional system for your hotel or SPA.  
Of course all low maintenance with the highest service available.
